Re: Recommendation for Hardwood Floors Installation

I was the Project Manager for 14W14, 20 Condominiums, Project in Manhattan completed in 2011. I've been working with Polish Hardwood Floors, Gregory, for over 3 years now. From the smallest of jobs, to multi-unit projects, the quality and timeliness of their work never changes. Their workmanship has always met or exceeded our expectations.

14W14 Street Project, being a high-end residential building with a very tight schedule, Polish Hardwood Floors with their willingness and prompt responses to all our needs we managed to meet our, thought impossible, deadline to turn over the building to owners.

When Polish Hardwood Floors was completed with their work, the site was left clean, all trash was moved to designated location, and all apartments were ready to move in.

I am pleased to give a letter of recommendation to Gregory for 3 reasons:

- Prompt Service - He returns my phone calls and quickly adopts schedule changes each and every time.
- Precise Service - Their crew does exactly the work that is requested.
- Polite Service - Both Gregory and his crew treat KSK Construction Group employees and the owners in a courteous manner.

Please do contact me if you have further questions or concerns.

H. Onat Ersoy, MBA  
Project Manager
