RE: Testimonial

Number of pages including cover sheet: 1

## MESSAGE:

March 20, 2009

In the summer of 2007 and 2008 I had Polish Hardwood Flooring do the wood floors of our school auditorium. I was so pleased with the work that Greg and his men did that I asked him to service us again the following year.

Our auditorium floor looks beautiful. Greg and his men worked tirelessly and very professionally. We did not have to clean up after them. They left no stone unturned. When they were finished, the floor sparkled and shone. Best of all, the price was right. It is my pleasure to recommend Polish Hardwood Flooring to anyone who desires excellence, thoroughness and complete satisfaction.
